BULLETIN

Bulletin No: 08/012

To: Club Captains, Club Secretary, BoSS, Carnival Referee's
From: David Earl, Surf Life Saving SA
Date: 18th November 2008
Subject: Carnival IRB Requirements

Please be advised that the roster below will be the minimum requirement for the conduct of South Australian Carnivals on the Surf Sports Calendar of events 2008/09.

Clubs are required to provide a fully equipped, operational IRB with competent crew to handle the conditions.

IRB crews will be required to report to the Carnival Safety Officer (Mr Bob Menhennett) no later than 7.00am for allocation to their area. Crews will be required to lay their respective area cans, provide appropriate water cover throughout the entire carnival program and retrieve cans at the conclusion of the day.

If crews are using a state allocated IRB and motor, both boat and motor will be required to be washed down at the completion of use. If there is no water available at the site, this will be carried out at SLSSA Boat Shed, Lonsdale on return that afternoon. All damage no matter how minor will be reported to the Carnival Safety Officer or SLSSA Surf Sports Manager on the day or by 10.00am on the following Monday of the carnival (08 83546914). Failure to meet this obligation will result in repairs being charged to the last rostered club when they are discovered.

A carnival Patrol Log is available for recording hours and is located in the carnival caravan. This patrol log will be completed on the day and duly signed at the completion of the carnival event activities; all hours will be logged by SLSSA into Surfguard during the following week.

Host clubs will provide sufficient drinks/food throughout the carnival for all crew members of IRB's.
