**SUBJECT:** Information regarding scrutineering of craft (boards and skis)

---

Firstly a huge thanks to our small band of hard working scrutineers that have thus far undertaken around 500 inspections of boards and skis.

Secondly we are aware that there are craft (boards and skis) being repaired and still a few new craft arriving. The scrutineers have therefore agreed to conduct one FINAL scrutineering session.

This will be conducted at Brighton SLSC on Wednesday evening (23<sup>rd</sup> March) **from 5.30 pm – 7.30 pm.**

Craft that have been scrutineered and did not receive a sticker can pick up the sticker at State Championships week-end.

Please note that as we follow Australian Championship policies and processes, all boards and skis reaching finals at Senior State Championships will need to be scrutineered.
