SUBJECT: Information regarding Senior Carnival 1 – Moana 27th November and Beach events
Seacliff 25th November
UPDATED 22nd November

Please note the following information regarding Senior Carnival 1. UPDATED information at the end:

- The format for this carnival will include **water events (craft and swim) at Moana** on Sunday 27th.
- As the beach will not be suitable for sprints and flags at this time of the year **Beach events will be conducted on Friday 25th November at Seacliff SLSC**. - start at 5.30 pm. It is planned that in all other Senior Carnivals that beach events will be part of the program on the Sunday.
- A **DRAFT** of the events to be conducted is attached and we will endeavour to keep as close to these as possible. We are all aware of the difficulties in keeping to a program but an attempt will be made to do so should conditions allow.
- All competitors to have registered to compete via pre- entry system (a master list only from each club is required) and confirmed on the day half an hour prior to event. Please also include all boat competitors so that checking against SurfGuard can be done. Late nominations will also be taken up to 8.30 am (Moana) and 5.00 pm (Seacliff)
- All competitors to confirm by signing on prior to event starting so we know who is starting.
- We would encourage the Team Managers or 1 person from each club to marshal for each event rather than all competitors as they could be competing in another event.
- All team events can have members from other clubs in them (Composite Teams) but no points will be awarded for composite teams.
- Under 15 – Board Rescue will be gender specific but other teams initially NGS (depending on numbers) to encourage more teams

On Friday evening **Seacliff Club** will be operating and full meals and bar facilities will be available.
Meals from 6.00 pm in the club

As this is not a typical carnival, official's quotas (as per Bulletin B11009) will not apply. The following will be used

PLEASE NOTE:

R&R will NOT be conducted at Moana but we plan to do so at the second senior carnival at Christies Beach on December 11th if numbers are sufficient. We will be sending an EOI for clubs to indicate if they will have teams.

March Past will NOT be conducted at Moana but all teams (junior, senior or masters) are invited to March at the junior carnival at Semaphore (December 4th). Following this a decision will be made regarding senior carnival 2 (December 11th at Christies Beach).

Water Cover:

Please ensure that all water cover personnel (junior or senior carnivals) are aware of their responsibilities at carnivals. As a general rule water cover should be inshore at the start of each race not out at the cans. It is essential to follow the competitors out to sea. Those swimmers with a rescue tube should swim out to the cans, then across the swim set and cover the competitors back to shore.

Board paddlers should provide water cover from the start to beyond the swim set and return to shore – again sitting at the cans is not appropriate. We want to re-emphasise that we are a safety organisation and water cover personnel are key to this. Safety of competitors is paramount.

IRB drivers should position their craft adjacent to the other water cover and preferably downwind from the competitors. They should try and stay mid-field where they can view the whole race. IRB allocation is as per Circular C11043.

Clubs are required to provide a fully equipped (including radio), operational IRB with competent crew (1 x driver and 1 x crew) able to handle the conditions on the day. Crews may be interchanged during the day however this is the responsibility of the club. Please note that host clubs will also be required to have a back up IRB in case of breakdown.

IRB crews will be required to report to the Carnival Safety Officer (Mr Bob Menhennett) no later than 7.30 am for allocation to their area. Crews will be required to lay their respective area cans, provide appropriate water cover throughout the entire carnival program and retrieve cans at the conclusion of the day.

A carnival Patrol Log is available for recording hours and is located in the carnival caravan. This patrol log will be completed on the day and duly signed at the completion of the carnival event activities; all hours will be logged by SLSSA into SurfGuard.

Marshalling:

The carnival will hopefully run to the program so please anticipate the next event and be ready to marshal on time. A 'Chute' marshalling process will be trailed. This means all competitors marshal in the one area (a chute will be clearly marked) and will be then allocated the first water area that is free.

We ask that Club Team Managers let competitors know and assist with this process. Please have competitors present to the chute area prepared with all necessary equipment.

Competition Eligibility

Note that all events will be conducted in accordance with the Surf Sports Manual 33rd revised edition. In particular note section 2 (General Competition Eligibility) and all competitors must be the holder of the **appropriate SLSA Award** (as detailed in the Competition Categories and Provisos section), be SLSA proficient and be eligible under the necessary age category. See link below.
